RUN No. 2582 6 Samclay Crt Perth Hare: One Hump

Run Report:

This weeks run is bought to you by the Perth Twins Boong and One Hump. Avril's ears are ringing from constant noise so has suggested the Hare One hump sets the run from the other side of Perth so we are Boongs Donga. A few words of wisdom from the Hare before we set off we are on arrows which are under street lights except for the ones which are just in the dark. We have a visiting Hasher with us tonight Quondom.. We are under way we head towards the train line at Fairtlough St just as the 6:30 express passenger train from Longford passes. The trail heads through the dog exercise park the crosses the main Rd and zig zags through the side street onto Youl Rd crosses the train track into King Street where we find the on home sign outside One Humps home. Its amazing the places One Hump will take his ice cream van with Avril leaning out of the passengers door drawing arrows. It's a short trek back to the On Home site via the footy ground. A well set and marked run of about 6.5 Kilometres

ON ON:

Never let it be said its cold in Launceston if you have never been on a Hash Run in Perth It must be 5 degrees cooler in Perth than Launceston, must be the cool breeze rolling in from the Western Tiers and Ben Lomond. Boong has the barrel heater stoked to the brim Wendy has baked another of her superb bread Loafs. Our visiting Hasher Quondom has found his way back to the ON ON site thanks to Google maps. Only a couple of On Dows tonight One Hump the Hare and visiting Hasher Quondom. Next weeks run is at Dellys 5 Hyde Crt Prospect

THE ASS END OF THE TRASH

All the arrows are under street lights

That sounds a bit Irish One Hump

Except for the ones in the dark
